#### Optional Accessories:

Full length shelving 25\$/L.F., Shade cloth, hanging basket bars  
Preassembled end walls (kits) Custom enclosures for porches and sundecks

#### FOUNDATION:

Greenhouses are anchored via 8" concrete caissons attached to our coated steel skid base  
All greenhouses are manufactured in a kit form and can be assembled with a drill or screw gun usually in a 2 day time frame. We recommend at least two people to assemble the greenhouse as attaching the polycarbonate sheeting can be a challenge by yourself.

If you have any questions, please feel free to contact us anytime or visit our website for FAQ and downloadable installation instructions.
